

6 TIPS FOR SELECTING A LOGISTICS PARTNER

- 1 Understanding and meeting your business needs**
Do you have special shipping requirements, for example, strict temperature control?

- 2 Areas of expertise**
How extensive is their network? What delivery options do they offer?

- 3 Reliability of service**
Do they have a proven track record of timely and accurate delivery?

- 4 Flexibility and scalability**
Can they meet seasonal variations in customer demand?

- 5 Technological support**
Can they facilitate technological advancement and integration with your system?

- 6 Transparent pricing**
Is their pricing straightforward? Are there any terms to pay attention to?
