

Delivering COVID-19 relief

Since the onset of the COVID-19 pandemic, we have continued our work as an essential service to keep the world connected. We've used our network and resources to quickly help the communities where our team members live and work around the globe, while making safety our top priority.

We have delivered:

~ 65,000

tons of PPE

2 Billion+

Masks

Our vast network includes:

680

Aircraft

600,000

Team Members

200,000

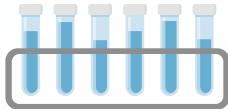

Vehicles

5,000

Facilities

Vaccine-related deliveries include:

raw materials
that make up the
vaccines

approved vaccines
from manufacturers
and distributors to
dosing centers

PPE for healthcare
professionals

kits of
vaccine-related
supplies

We have developed sensor-based monitoring technology and other advanced monitoring services that can help medical communities and authorities ensure critical shipments reach their destinations safely.

Our global network stands ready to ship COVID-19 vaccines around the world.

When it matters most, FedEx delivers.
